INDEPENDENT AUDITOR'S REPORT

Board of Directors
Higher Ground Sun Valley, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of Higher Ground Sun Valley, Inc., which comprise the statements of financial position as of April 30, 2017 and 2016, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Higher Ground Sun Valley, Inc. as of April 30, 2017 and 2016, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States.

Notes to Financial Statements
April 30, 2017 and 2016

NOTE A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Organization and Operations. Higher Ground Sun Valley, Inc. (HGSV), formerly Sun Valley Adaptive Sports, Inc. is a non-profit organization located in Ketchum, Idaho for the purpose of enriching the lives of people with disabilities through sports and recreation. HGSV's mission is accomplished by providing the following four major programs: *Higher Ground Military Program* is a nationally recognized veteran rehabilitation program that combines sports, family, and coping therapies to restore and rehabilitate injured men and women of the armed forces. *Higher Ground Winter Recreation Program* serves children, teens, and adults with disabilities who are interested in skiing, snowboarding, sled hockey, or Nordic skiing, and is partnered with the Sun Valley Company. The *Higher Ground Summer Recreation Program* consists of three summer day camps that serve individuals with physical and cognitive disabilities. The local chapter of *Special Olympics* empowers athletes with cognitive disabilities to be healthy, productive, and respected members of their communities through athletic training and competition.

HGSV receives the majority of its support in the form of donations from individuals. Higher Ground Sun Valley, Inc. is a tax exempt organization under Section 501(c)(3) of the Internal Revenue Code and is not a private foundation.

2. Basis of Accounting. The financial statements of HGSV have been prepared in accordance with accounting principles generally accepted in the United States of America for not-for-profit organizations. Those principles require reporting amounts for an organization's total assets, liabilities, and net assets in a statement of financial position; reporting the change in an organization's net assets in a statement of activities; and reporting the change in its cash and cash equivalents in a statement of cash flows.

Those principles also require classification of an organization's net assets and its revenues, expenses, gains, and losses based on the existence or absence of donor-imposed restrictions into three separate classes of net assets - permanently restricted, temporarily restricted, and unrestricted. Certain restricted support is reported as unrestricted if the restrictions are met in the reporting period.

3. Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
4. Cash and Cash Equivalents. HGSV treats as cash and cash equivalents, demand deposits, and all investments with original maturities of 90 days or less.
5. Investment Securities. Investments in marketable securities with readily determinable fair values and all investment in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the changes in net assets. Investment income and gains or losses restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met in the reporting period in which the income and gains or losses are recognized.
6. Pledges Receivable. A pledge is a promise to make a contribution at a later date. Pledges that include the amount of the pledge, a defined payment schedule or due date, are signed by the donor and are unconditional in nature are reflected as receivables and revenue in these financial statements. If considered significant, pledges receivable are discounted to their estimated present value. Conditional promises received to make a contribution are not reflected in the financial statements until all conditions have been satisfied except for the passage of time.

Higher Ground Sun Valley, Inc.

Notes to Financial Statements
April 30, 2017 and 2016

NOTE A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

7. Property and Equipment. Property and equipment is stated at cost, or if donated, is recorded at the estimated fair market value at the date of donation. Maintenance and repairs that do not improve or extend the life of assets are currently expensed. Depreciation is computed using the straight-line method over the estimated useful lives of the assets which range from thirty-nine years for buildings and improvements, to five to seven years for furniture, equipment, and vehicles.
8. Contributions. Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities in net assets released from restriction.
9. Advertising and Promotion. HGSV uses advertising and promotion in the form of brochures, newsletters, newspaper and magazine advertisement, and television programming to promote its mission to the community it serves and to reach potential donors. Some promotional exposure is contributed in-kind to the HGSV. The costs of advertising and promotion are expensed as incurred.
10. Income Taxes. HGSV has been determined by the Internal Revenue Service to be exempt from federal income tax under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3). Accordingly, no provision for income taxes has been made in the accompanying financial statements. The Organization's Form 990, Return of Organization Exempt from Income Tax, are subject to examination by the IRS, generally for three years after they were filed.
11. New Accounting Standard. On August 18, 2016, the FASB issued ASU 2016-14 (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities ("Update"). The Update reduces the number of net asset classes from three to two, those with donor restrictions and those without, requires all nonprofits to report expenses by nature and function and improves information presented in financial statements and notes that is useful in assessing a not-for-profit's liquidity, financial performance, and cash flows. The amendments in this Update are effective for annual financial statements issued for fiscal years beginning after December 15, 2017, and for interim periods within fiscal years beginning after December 15, 2018. Early application of the Update amendments is permitted. HGSV has not elected to early implement the amendment.

NOTE B CASH AND CASH EQUIVALENTS

NOTE K FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Values Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the HGSV has the ability to access.
Level 2	Inputs to the valuation methodology include: -quoted prices for similar assets or liabilities in active markets; -quoted prices for identical or similar assets or liabilities in inactive markets; -inputs other than quoted prices that are observable for the asset or liability; -inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Investments: Valued at the net asset value (NAV) of shares held by Higher Ground Sun Valley at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Land Trust believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the HGSV's assets at fair value as of:

Assets at Fair Value as of March 31, 2017				
	Level 1	Level 2	Level 3	Total
Marketable investments	107,530			107,530
Total assets at fair value	107,530	0	0	107,530

NOTE L RETIREMENT PLAN

Higher Ground Sun Valley sponsors a 403(b) plan for their employees. The plan covers all employees with at least two months of service. Participants can make salary contributions up to the smaller of 100% of their compensation or the IRS maximum limits and the company will match up to 3% of these contributions. The Company's matching contributions charged to expense during the fiscal years ended April 30, 2017 and 2016, was \$30,839 and \$28,220.

NOTE M DONATED SERVICES, MATERIALS, AND FACILITIES

Higher Ground Sun Valley, Inc. receives donated services from unpaid volunteers who assist in special projects. No amounts have been recognized in the accompanying statement of activities because the criteria for recognition of such volunteer effort, under generally accepted accounting principles, have not been satisfied.

During the years ended April 30, 2017 and 2016, HGSV received, as non-cash contributions, various goods and services used in its programs. These include ski passes, lift tickets, guided fishing trips, food, and other items valued at \$837,713 and \$900,494. The value of these goods and services are reflected as in-kind contributions and expenses in the statement of activities.

Each year, the Sun Valley Company donates \$60,000 of goods and services to be charged to a credit account at the resort. HGSV provides food, drinks, and lift tickets for participants during the ski season with this donation. As of April 30, 2017 and 2016, the full value of the donation had been utilized.
